Session Description

This session will review the Pilinahā, an indigenous framework for health developed within the community, the four vital connections of the framework, and how this framework can be applied in various settings. Participants will reflect on their own journey in the "helping profession" and how the Pilinahā can strengthen their practice, particularly in regards to approaching program development and engaging children and families.

As a result of this session, participants will be able to

- Describe the Pilinahā framework and the four vital connections
- Describe how the Pilinahā framework can strengthen their practice
